

A3 UV DTF Printer

EPSON 2H
6Pass: 8.5m/h

LF-720C

1. Label printing and lamination in one, with winding, fully automatic, efficient, and cost-effective

2. The application materials are very wide, with high flexibility. One label/logo can also be printed

3. Bright colors, high color intensity, clear and realistic, and first-class printing quality

4. 30cm Printing width, speed of 2.5 square meters/h, Easily handle big batch printing

UV DTF

UV DTF ab film

UV ink

Application

1. The crystal label is convenient to use, Stick and tear immediately. Wide range of uses and can be irregularly shaped, not just flat plates can be printed, too
2. It has a very obvious advantage over ordinary label, with strong three-dimensional sense, high glossiness, rich and bright pattern colors, high glossiness, easy peel, and no residual glue left;
3. One label can also be printed, with a wide range of applications. It can be transferred to surfaces such as glass, ceramics, acrylic, wood, PVC boards, various metal plates, plastics, stones, etc.
4. The machine is automatic and convenient. One person can be able to run many machines, saving labor. Compared to screen printing and transfer printing using UV printing greatly reduces labor costs;
5. A more environmentally friendly process. Compared to solvents and the unpleasant and pungent smell of screen printing, UV ink greatly reduces pollution.

▶ PRODUCT PARAMETERS

Print head	Epson
Number of heads	Dual heads
Print width	≤300mm
Color	CMYK+white ink+Varnish
Applicable Media	UV dtf ab film
Printing speed	6pass 2.5m ² /h
Ink type	UV ink
Ink supply system	500ml ink bottle+white ink circulation+stirring
Rip Software	Maintop/PhotoPrint
Operating system	Win7、Win10
Ink drying	Curing of air-cooled UV lamp
Platform suction	Adjustable
Print Interface	Network interface
Winding function	Automatic inductive winding
Temperature and humidity	15 - 30°C 35-65%
Electrical parameters	220V 500W 2.3A
Size and weight	Machine: 980*940*1224mm N.W 145KG Package: 1450*900*711mm G.W 185KG

◆ Printing and laminating all in one machine

◆ Printing width 30cm

◆ Printing speed 6pass 8.5m/h
